

**Fact :** The situation is getting worse, not better.

The following chart shows the violations cited by police in the City of Myrtle Beach and also in Horry County. The chart shows violations (misdemeanors, traffic violations, felonies, etc.) during the two rallies combined (10 days of Harley Rally and 5 days of Memorial Day Bikefest). Think things are getting better? Combined, the May rallies brought a 37% increase in arrests/citations in 2008, as compared to the same period in 2007. This is after all of the so-called improvements in traffic patterns and policing.

Those who say “just enforce the laws” assume all we need to do is be more vigilant. But if a 37% increase in one year is seen, yet the situation does not improve, we must recognize that enforcement is not the problem. Lawlessness is.

### Violations During Both Rallies (Combined)
